Index of Titles

- ABSCCESS of the Tongue. Samuel Salinger. 573.
- Abscess, Retropharyngeal, An Unusual Case of. Samuel Iglauer, 1215.
- Achalasia of the Esophagus, The Effect of Thiamin Chloride on Cardiospasm and. W. D. Stinson, 898.
- Achalasia of the Esophagus: With Report of a Case Relieved by Esophagogastrostomy. H. E. Mitchell, 662.
- Addiction, Cocaine: Does It Concern the Otolaryngologist? W. J. Bristow, 1161.
- Adenocarcinoma of the Larynx. G. B. New and J. B. Erich, 706.
- Adenoma, So-Called, of the Bronchus. C. L. Jackson and F. W. Konzelmann, 1264.
- Allergic Conditions, The Importance of Recognition of, by the Rhinologist. Karl M. Houser, 514.
- Allergy, Further Modifications of the Nasal Contact Test for. W. T. Vaughan and V. J. Derbes, 1141.
- American Board of Otolaryngology. W. P. Wherry, 1106.
- Angiofibroma of the Left Maxillary Sinus. F. T. Munson, 561.
- Annals, The: 1892-1941. A. W. Proetz, 8.
- Anomalies or Maldevelopments of the Branchial Arches and Clefts, Clinical Conditions Arising from. W. B. Hoover, 834.
- Audiometer, The Rinne Test and the. C. C. Bunch, 47.
- Autonomic Nervous System, Functional Pattern of the. David Higbee, 1047.
- BECK, Joseph C., Head and Neck Tumor Group. The Organization of the. J. C. Beck, 1091.
- Blindness, Bilateral, Cured by an Unorthodox Procedure in Thrombosis of the Cavernous Sinus. S. J. Kopetzky, 284.
- Board, American, of Otolaryngology. W. P. Wherry, 1106.
- Bouginate, Treatment of Carcinoma of the Esophagus by. E. B. Benedict, 1249.
- Branchial Arches and Clefts, Clinical Conditions Arising from Anomalies or Maldevelopments of the. W. B. Hoover, 834.
- Bronchi, Vegetal Foreign Bodies in the. L. G. Richards, 860.
- Bronchogenic Carcinoma Without Bronchial Obstruction. P. H. Holinger and Ralph Rigby, 1270.
- Bronchus, So-Called Adenoma of the. C. L. Jackson and F. W. Konzelmann, 1264.
- CANCER, in Otolaryngology, Choice of Treatment of. T. C. Galloway, 1018.
- Cancer of the Larynx, Treatment of, with Emphasis on Conservatism. F. A. Figi, 723.
- Carcinoma, Bronchogenic, Without Bronchial Obstruction. P. H. Holinger and Ralph Rigby, 1270.
- Carcinoma, Highly Malignant, of the Nasopharynx with Bilateral Cervical Metastasis in a Child. F. A. Figi, 1218.
- Carcinoma of the Esophagus: Endoscopic Experiences During the Past Year. E. W. Hagens, 893.
- Carcinoma of the Esophagus, The Early Diagnosis of. J. R. Lindsay, 675.
- Carcinoma of the Esophagus with Special Reference to Treatment by Radical Surgery, X-ray and Bouginage. E. B. Benedict, 1249.
- Carcinoma of the Thoracic Esophagus, Surgical Treatment of. Julian Johnson, 1228.
- Carcinoma, Transitional Cell, of the Upper Respiratory Tract. Ira Frank, Maurice Lev and Margery Blahd, 393.
- Carcinomatosis of the Meninges, A Case of. Hans Brunner, 910.
- Cardiospasm and Achalasia of the Esophagus, The Effect of Thiamin Chloride on. W. D. Stinson, 898.
- Cargile's Membrane. Closure of Perforations of Membrana Tympani with. W. D. Stinson, 178.
- Carotid Artery, Massive Hemorrhage from the. Lyman Richards, 1221.
- Carotid Sinus Syndrome. M. F. Jones and J. M. Converse, 806.
- Cartilage, The Use of Preserved Human, in Reconstructive Facial Surgery. Samuel Iglauer, 1072.
- Cavernous Sinus Thrombophlebitis, Management of. G. D. Hoople and Irl H. Blaisdell, 503.
- Cavernous Sinus, Thrombosis of the, with Bilateral Blindness Cured by an Unorthodox Procedure. S. J. Kopetzky, 284.
- Cerebrospinal Fluid of the Fetus in Utero, Absorption of Quinine into the. H. M. Taylor, L. Y. Dyrenforth and C. B. Pollard, 1030.
- Cerebrospinal Rhinorrhea: Report of a Case Presenting Hyperostosis Frontalis Interna. L. L. Titche, 554.
- Cervical Metastasis, Bilateral, of Highly Malignant Carcinoma in a Child. F. A. Figi, 1218.
- Chemotherapy and Serotherapy of Acute Otitis Media. R. N. Ganz, Champ Lyons and C. F. Ferguson, 1185.

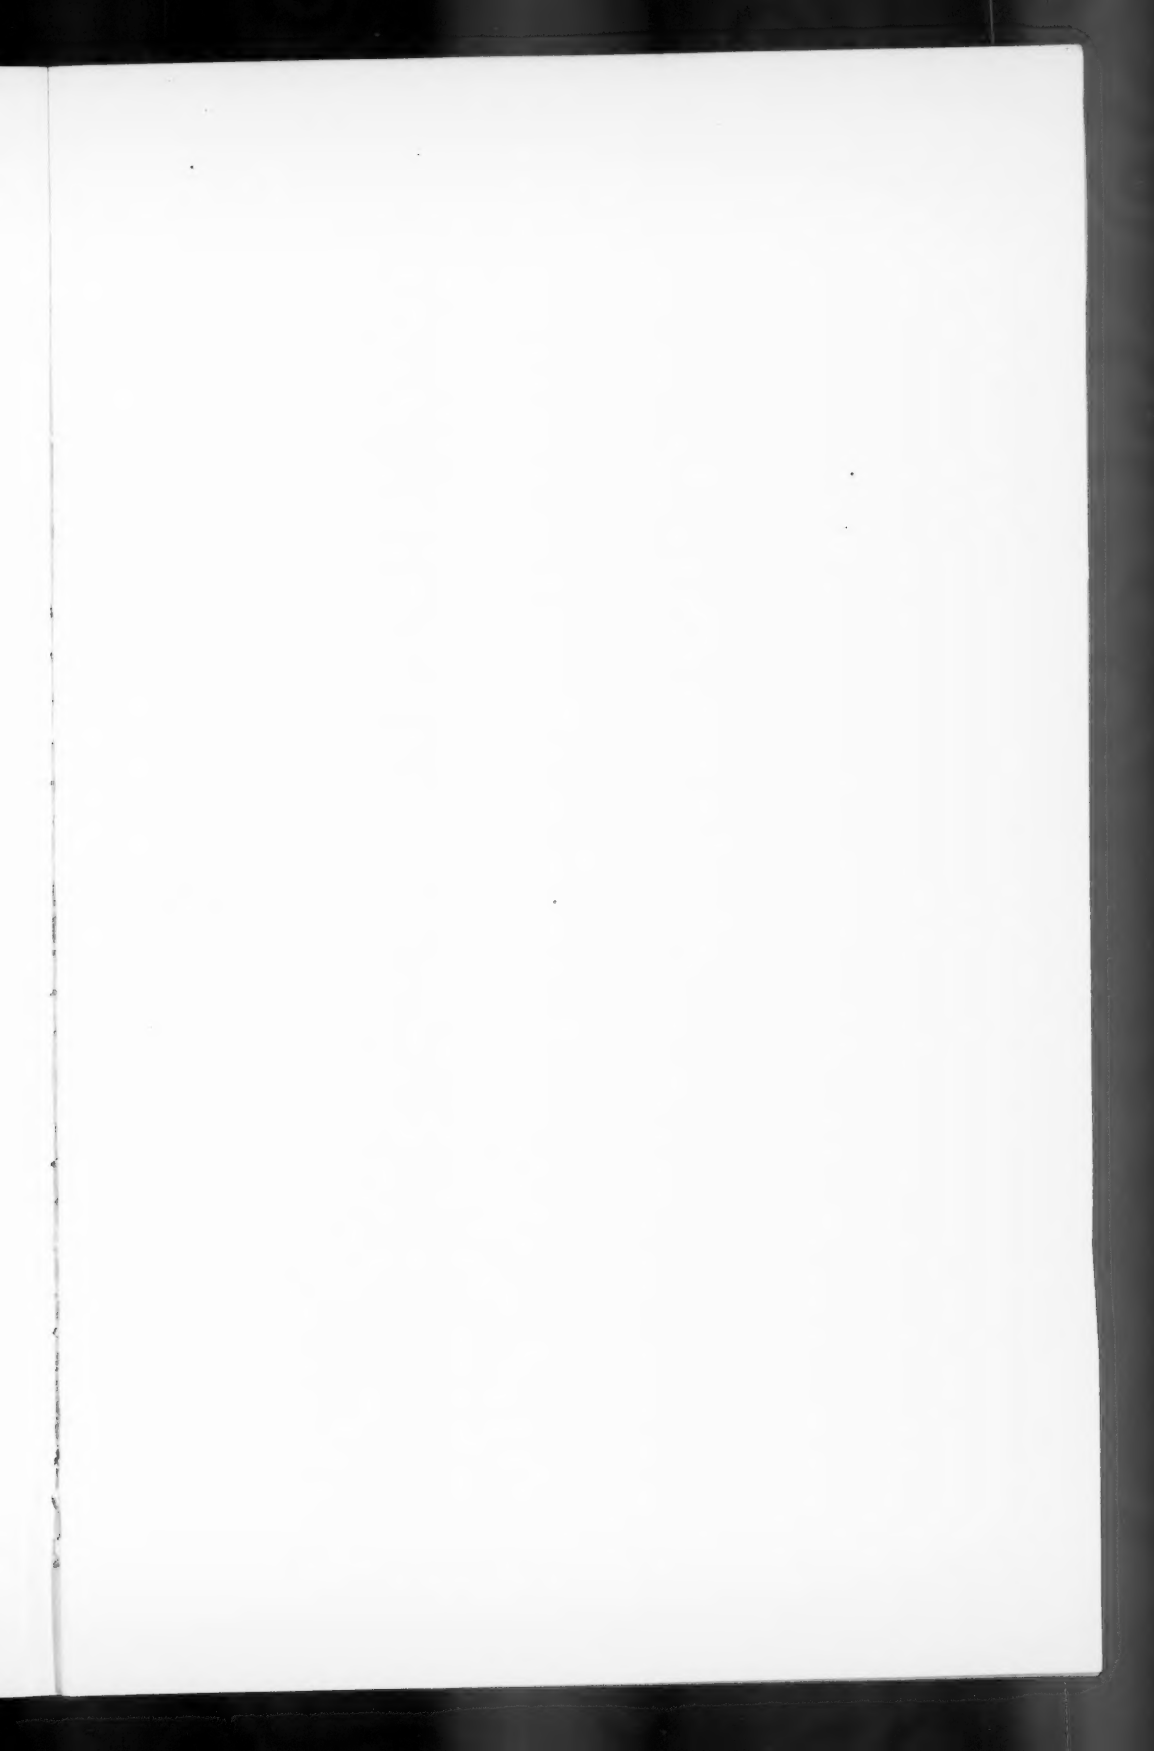

- Chemotherapy in the Treatment of Complications of Acute Middle Ear Suppuration (Petrositis and Meningitis). J. R. Lindsay, 159.
- Chondroma of the Larynx: Report of a Case. H. B. Orton, 715.
- Cocaine Addiction: Does It Concern the Otolaryngologist? W. J. Bristow, 1161.
- Cochlea, Vestibule and Semicircular Canals, Exfoliation of the. Max A. Goldstein, 574.
- Cochlear Activity After Death, The Nature of. E. G. Wever, C. W. Bray and Merle Lawrence, 317.
- Cold, An Experimental and Clinical Study of the Common. I. G. Spiesman, 1204.
- Cold, Prophylaxis and Treatment of the Common, with Special Reference to Respiratory Vaccine. C. A. Veasey, Jr., 1168.
- Continuation Education: A Responsibility of Otolaryngology. F. T. Hill, 1038.
- Cysts, Hemorrhagic, of the Frontal Sinus Which Simulated Mucocele. H. I. Lillie and P. N. Pastore, 544.
- DEAFNESS, Chronic Progressive, Further Experiences in Fenestration of the Labyrinth in. E. H. Campbell, 182.
- Deafness, Surgical Treatment of: Report of Experiences with the Endaural Labyrinthine Fenestration. M. S. Ersner and David Myers, 206.
- Deafness, War, and Its Prevention. Stacy R. Guild, 70.
- Dental Observations by an Otolaryngologist. Gordon Berry, 995.
- Diseases, Functional, of the Nose, A Broader Concept of. C. Stewart Nash, 458.
- Dystrophy of Mastoid, Polyostotic Fibrous, Complicated by Acute Mastoiditis. J. M. Robb, 330.
- EAR. Chemotherapy in the Treatment of Complications of Acute Middle Ear Suppuration (Petrositis and Meningitis). J. R. Lindsay, 159.
- Ear. Closure of Perforations of Membrana Tympani with Cargile's Membrane. W. D. Stinson, 178.
- Ear. Exfoliation of the Cochlea, Vestibule and Semicircular Canals. Max A. Goldstein, 574.
- Ear. Middle, and Accessory Nasal Sinuses from a Flight Surgeon's Point of View. Cole D. Pittman, 518.
- Ear. Middle, Physiology and Histopathology of the. D. M. Lierle and J. J. Potter, 235.
- Ear, The, in Experimental Vitamin A Deficiency. H. B. Perlman and John Willard, 349.
- Ear, The Reactions in the, to Sound. A. G. Pohlman, 363.
- Ear. The Waltzing (Circling) Guinea Pig. M. H. Lurie, 113.
- Education, Continuation: A Responsibility of Otolaryngology. F. T. Hill, 1038.
- Endaural Labyrinthine Fenestration, Report of Experiences with the. M. S. Ersner and David Myers, 206.
- Endoscopic Foreign Body Cases, Presentation of Three Interesting. Maurice Bonnier, 936.
- Environmental Surgery in Otolaryngology. J. F. Barnhill, 850.
- Esophageal Neuroses. H. G. Beatty and D. M. Palmer, 1245.
- Esophageal Varices, Further Studies on the Treatment of, by Injection of a Sclerosing Solution. H. J. Moersch, 1233.
- Esophagogastronomy, Achalasia of the Esophagus With Report of a Case Relieved by. H. E. Mitchell, 662.
- Esophagus, Achalasia of the. The Effect of Thiamin Chloride on Cardiospasm and. W. D. Stinson, 898.
- Esophagus, Achalasia of the: With Report of a Case Relieved by Esophagogastronomy. H. E. Mitchell, 662.
- Esophagus, Carcinoma of the. E. W. Hagens, 893.
- Esophagus, Carcinoma of the, With Special Reference to Treatment by Radical Surgery, X-ray and Bouginage. E. B. Benedict, 1249.
- Esophagus, Infection as a Cause of Fibrosis of the. H. P. Mosher, 633.
- Esophageal Perforations, Complications of. P. H. Holinger, 681.
- Esophagus, Surgical Treatment of Carcinoma of the Thoracic. Julian Johnson, 1228.
- Esophagus, The Early Diagnosis of Carcinoma of the. J. R. Lindsay, 675.
- Exfoliation of the Cochlea, Vestibule and Semicircular Canals. Max A. Goldstein, 574.
- Exophthalmos. A. D. Ruedemann, 1064.
- FACIAL Nerve, The Diagnostic Significance of Partial Paralysis of the, in Chronic Suppurative Otitis Media and Mastoiditis. H. I. Lillie, 38.
- Fenestration, Endaural Labyrinthine, Report of Experiences with the. M. S. Ersner and David Myers, 206.
- Fenestration of the Labyrinth in Chronic Progressive Deafness, Further Experiences in. E. H. Campbell, 182.
- Fibromyoma of the Larynx in an 82-Year-Old Male. M. F. Arbuckle, 912.
- Fibrosis of the Esophagus, Infection as a Cause of. H. P. Mosher, 633.
- Fifth Nerve Irritation. Headaches of Otorhinologic Origin and Certain Reflexes Caused by. J. G. McLaurin, 469.
- Foreign Body Cases, Endoscopic, Presentation of Three Interesting. Maurice Bonnier, 936.
- Foreign Bodies, Vegetal, in the Bronchi. L. G. Richards, 860.
- Frontal Sinusitis. J. M. Brown, 435.

- Frontal Sinusitis, Discharge from Chronic, Draining Directly Into the Maxillary Sinus. H. I. Lillie, 572.
- Frontal Sinusitis, Subacute. O. E. Van Alyea, 570.
- Functional Pattern of the Autonomic Nervous System. David Higbee, 1047.
- Fundus Changes, Ocular, An Analysis of, in Otitic Sinus Thrombosis. Isidore Friesner, 32.
- GERIATRICS, Relation of, to Otolaryngology. J. A. Babbitt, 1079.
- Gradenigo Syndrome, Bilateral, with Recovery. R. A. Fenton, 283.
- HEADACHES of Otorhinologic Origin and Certain Reflexes Caused by Fifth Nerve Irritation. J. G. McLaurin, 469.
- Head Injury, Posttraumatic Syndrome of. H. A. Brown, 1152.

Table of Contents, Volume 50

MARCH, 1941—NUMBER 1

	PAGE
I.—Fifty Years of Otolaryngology in America. L. W. Dean, M.D., St. Louis	5
II.—The Annals: 1892-1941. Arthur Proetz, M.D., St. Louis	8
III.—Recognition, Treatment and Prevention of Hearing Impairment in Children. S. J. Crowe, M.D., and Curtis F. Burnam, M.D., Baltimore	15
IV.—An Analysis of the Ocular Fundus Changes in Otitic Sinus Thrombosis. Isidore Friesner, M.D., New York	32
V.—The Diagnostic Significance of Partial Paralysis of the Facial Nerve in Chronic Suppurative Otitis Media and Mastoiditis. Harold I. Lillie, M.D., Rochester, Minnesota	38
VI.—The Rinne Test and the Audiometer. C. C. Bunch, Ph.D., St. Louis	47
VII.—An Evaluation of the Ménière Syndrome. W. E. Grove, M.D., Milwaukee	55
VIII.—War Deafness and Its Prevention. Stacy R. Guild, M.D., Baltimore	70
IX.—Otolological Research and Its Recent Contributions to Clinical Otology. Walter Hughson, M.D., and Eva Thompson, A.B., Abington, Penna.	77
X.—The Waltzing (Circling) Guinea Pig. M. H. Lurie, M.D., Boston	113
XI.—Progress in the Conservation of Hearing. Horace Newhart, M.D., Minneapolis	129
XII.—Tinnitus Aurium in the Light of Recent Research. Edmund Prince Fowler, M.D., New York	139
XIII.—Chemotherapy in the Treatment of Complications of Acute Middle Ear Suppuration (Petrositis and Meningitis). J. R. Lindsay, M.D., Chicago	159
XIV.—Closure of Perforations of Membrana Tympani with Cargile's Membrane. Wm. D. Stinson, M.D., Memphis	178
XV.—Further Experiences in Fenestration of the Labyrinth in Chronic Progressive Deafness: Report of Cases and an Analysis of Results. Edward H. Campbell, M.D., Philadelphia	182
XVI.—Surgical Treatment of Deafness: Report of Experiences with the Endaural Labyrinthine Fenestration. Matthew S. Ersner, M.D., and David Myers, M.D., Philadelphia	206
XVII.—Physiology and Histopathology of the Middle Ear. Dean M. Lierle, M.D., and J. J. Potter, M.D., Iowa City	235
XVIII.—Herpes Zoster Oticus with Facial Paralysis and Acoustic Symptoms: A Subjective Experience. Harry C. Rosenberger, M.D., Cleveland	271
Clinical Notes	
XIX.—Bilateral Jugular Ligation with Recovery. J. Mackenzie Brown, M.D., Los Angeles—Mastoiditis and Meningitis Due to Pneumococcus Type I. LeRoy A. Schall, M.D., Boston—Bilateral Gradenigo Syndrome with Recovery. Ralph A. Fenton, M.D., Portland, Oregon—Thrombosis of the Cavernous Sinus, with Bilateral Blindness Cured by an Unorthodox Procedure. Samuel J. Kopetzky, M.D., New York—A Case of Chronic Suppurative Otitis Media, Facial Paralysis, Circumscribed Meningitis and Acute Labyrinthitis. Howard C. Ballenger, M.D., Chicago	280

	PAGE
XX.—A Case of Labyrinthitis and Meningitis with Recovery. William E. Grove, M.D., and Gerhard D. Straus, M.D., Milwaukee	288
Society Proceedings	
Chicago Laryngological and Otological Society. Meeting of Monday, April 1, 1940—Diagnosis and Pathology of the Salivary Glands—Electrocoagulation—Hearing Aids—Tubes or Carbon?	291
Obituary	302
Abstracts of Current Articles	304

JUNE, 1941—NUMBER 2

XXI.—The Nature of Cochlear Activity After Death. Ernest Glen Wever, Ph.D., Charles W. Bray, Ph.D., and Merle Lawrence, Ph.D., Princeton, N. J.	317
XXII.—Polyostotic Fibrous Dystrophy of Mastoid Complicated by Acute Mastoiditis. James Milton Robb, M.D., Detroit	330
XXIII.—Sulfonamide Therapy for Acute Otitis Media and Mastoiditis. Henry L. Williams, M.D., Alex E. Brown, M.D., Wallace E. Herrell, M.D., and Robert D. Ralph, M.D., Rochester, Minnesota	336
XXIV.—The Ear in Experimental Vitamin A Deficiency. H. B. Perlman, M.D., and John Willard, Chicago	349
XXV.—The Reactions in the Ear to Sound. A. G. Pohlman, M.D., Los Angeles	363
XXVI.—Experimental Sinus Surgery: Effects of Operative Windows on Normal Sinuses. Anderson C. Hilding, M.D., Duluth	379
XXVII.—Transitional Cell Carcinoma of the Upper Respiratory Tract. Ira Frank, M.D., Maurice Lev, M.D., and Margery Blahd, M.D., Chicago	393
XXVIII.—Unusual Tumors of the Upper Respiratory Tract. LeRoy A. Schall, M.D., and David P. Cordray, M.D., Boston	421
XXIX.—Frontal Sinusitis. J. Mackenzie Brown, M.D., Los Angeles	435
XXX.—Osteoma of the Frontal Sinus. George M. Coates, M.D., and Frederick Krauss, M.D., Philadelphia	450
XXXI.—A Broader Concept of Functional Diseases of the Nose. C. Stewart Nash, M.D., Rochester, N. Y.	458
XXXII.—Surgery of the Nasal Sinuses. Edward Cecil Sewall, M.D., San Francisco	463
XXXIII.—Headaches of Otorhinologic Origin and Certain Reflexes Caused by Fifth Nerve Irritation. John G. McLaurin, M.D., Dallas	469
XXXIV.—Some Observations on Nasal Neurology. Ralph A. Fenton, M.D., Portland, Ore.	492
XXXV.—Treatment of Acute Infections of the Frontal Sinus. E. James Mulligan, M.D., and S. J. Crowe, M.D., Baltimore	499
XXXVI.—Management of Cavernous Sinus Thrombophlebitis. Gordon D. Hoople, M.D., and Irl H. Blaisdell, M.D., Syracuse	503
XXXVII.—The Importance of Recognition of Allergic Conditions by the Rhinologist. Karl Musser Houser, M.D., Philadelphia	514
XXXVIII.—The Middle Ear and Accessory Nasal Sinuses from a Flight Surgeon's Point of View. Cole D. Pittman, Capt. M.C., U.S.A., Chanute Field, Ill.	518

TABLE OF CONTENTS

v

	PAGE
XXXIX.—The Present Status of Roentgen Therapy in Sinusitis. Karl Kornblum, M.D., Philadelphia	523
Clinical Notes	
XL.—Hemorrhagic Cysts of the Frontal Sinus Which Simulated Mucocoele: Report of Two Cases. Harold I. Lillie, M.D., and Peter N. Pastore, M.D., Rochester, Minn.	544
XLI.—Cerebrospinal Rhinorrhea: Report of a Case Presenting Hyperostosis Frontalis Interna. L. L. Titche, M.D., Biloxi, Miss.	554
XLII.—Angiofibroma of the Left Maxillary Sinus. Frederick T. Munson, M.D., Detroit	561
XLIII.—Subacute Frontal Sinusitis. O. E. Van Alyea, M.D., Chicago—Discharge from Chronic Frontal Sinusitis Draining Directly Into the Maxillary Sinus. Harold I. Lillie, M.D., Rochester, Minn.—Abscess of the Tongue. Samuel Salinger, M.D., Chicago—Exfoliation of the Cochlea, Vestibule and Semicircular Canals. Max A. Goldstein, M.D., St. Louis—Concerning Certain Hearing Phenomena. Edmund Prince Fowler, M.D., New York	570
Obituaries	579
Society Proceedings	
Joint Meeting of the Middle Section of the American Laryngological, Rhinological and Otological Society and the Chicago Laryngological and Otological Society. Meeting of January 27, 1941—An Evaluation of Meniere's Syndrome—Complications of Esophageal Perforations	584
Chicago Laryngological and Otological Society. Meeting of Monday, November 4, 1940—Labyrinthitis and Meningitis with Recovery: Case Report—Chemotherapy in the Treatment of Complications of Acute Middle Ear Suppuration	595
Chicago Laryngological and Otological Society. Meeting of Monday, December 2, 1940—Otosclerosis in Identical Twins—Anesthesia in Otolaryngology	602
Chicago Laryngological and Otological Society. Meeting of Monday, January 6, 1941—Carcinoma of the Esophagus: Endoscopic Experiences During the Past Year—Factors Influencing the Hearing Improvement After Fenestration for Otosclerosis—Orbital Cellulitis—The Pathology of Benign Polyps of the Larynx	615

SEPTEMBER, 1941—NUMBER 3

XLIV.—The Origin of Laryngology. D. Bryson Delavan, M.D., New York	629
XLV.—Infection as a Cause of Fibrosis of the Esophagus. Harris P. Mosher, M.D., Marblehead, Mass.	633
XLVI.—Achalasia of the Esophagus: With Report of a Case Relieved by Esophagogastrostomy. Horace E. Mitchell, M.D., Lakewood, Ohio	662
XLVII.—The Early Diagnosis of Carcinoma of the Esophagus. John R. Lindsay, M.D., Chicago	675
XLVIII.—Complications of Esophageal Perforations. Paul H. Holinger, M.D., Chicago	681
XLIX.—Adenocarcinoma of the Larynx. Gordon B. New, M.D., and John B. Erich, M.D., Rochester, Minnesota	706

	PAGE
L.—Chondroma of the Larynx: Report of a Case. Henry Boylan Orton, M.D., Newark	715
LI.—Treatment of Cancer of the Larynx with Emphasis on Conservatism. Frederick A. Figi, M.D., Rochester, Minnesota	723
LII.—Laryngeal Tuberculosis with Some of the More Recent Advances in Treatment. Frank R. Spencer, M.D., Boulder	735
LIII.—Laryngeal Tuberculosis: A Study of 500 Cases of Pulmonary Tuberculosis with a Resume Based on Twenty-eight Years of Experience. Julius P. Dworetzky, M.D., Liberty, N. Y., and Otto C. Risch, M.D., New York	745
LIV.—Paralysis of the Larynx. Louis H. Clerf, M.D., and Oliver W. Suehs, M.D., Philadelphia, Pa.	762
LV.—Unusual Position of the Right Recurrent Laryngeal Nerve. Walter P. Work, M.D., San Francisco	769
LVI.—Laryngeal Tumors—Voice Recordings Before and After Operation. Murdock Equen, M.D., Atlanta	776
LVII.—The Pathologic Anatomy of Polyps of the Larynx. Stanton A. Friedberg, M.D., and Walter H. Segall, M.D., Chicago	783
LVIII.—Roentgenology of the Neck and Mediastinum. Samuel Iglauer, M.D., Cincinnati	790
LIX.—Carotid Sinus Syndrome. Marvin F. Jones, M.D., and John M. Converse, M.D., New York	806
LX.—Histopathological Changes Occurring in Chronic Infection of the Pharynx. Harry P. Schenck, M.D., Philadelphia	817
LXI.—Clinical Conditions Arising from Anomalies or Maldevelopments of the Branchial Arches and Clefts. Walter B. Hoover, M.D., Boston, Mass.	834
LXII.—Environmental Surgery in Otolaryngology. John F. Barnhill, M.D., Miami Beach	850
LXIII.—Vegetal Foreign Bodies in the Bronchi: Analysis of Forty Cases. Lyman G. Richards, M.D., Boston	860
LXIV.—Practical Technique for Tracheotomy. Frederick T. Hill, M.D., Waterville, Maine	887
Clinical Notes	
LXV.—Carcinoma of the Esophagus: Endoscopic Experiences During the Past Year. E. W. Hagens, M.D., Chicago	893
LXVI.—The Effect of Thiamin Chloride on Cardiospasm and Achalasia of the Esophagus. Wm. D. Stinson, M.D., Memphis	898
LXVII.—Trifacial Neuralgia. Joseph C. Beck, M.D., Chicago—The Story of Warren Bell. Francis L. LeJeune, M.D., New Orleans—Pharyngeal Hemorrhage. Samuel J. Pearlman, M.D., Chicago—A Case of Carcinomatosis of the Meninges. Hans Brunner, M.D., Chicago—Fibromyoma of the Larynx in an 82 Year Old Male. M. F. Arbuckle, M.D., St. Louis	904
The Scientific Papers of the American Broncho-Esophagological Association	
LXVIII.—Repeated Severe Hemoptysis Necessitating Pneumonectomy. Carlos E. Pitkin M.D., Cleveland	914
LXIX.—The Functional Examination of Respiration in Obstructive Diseases. Albert H. Andrews, Jr., M.D., Chicago	917

TABLE OF CONTENTS

vii

	PAGE
LXX.—Perforation of the Trachea by a Mediastinal Tumor (Hodgkin's Disease). Arthur E. Hammond, M.D., Detroit	929
LXXI.—Presentation of Three Interesting Endoscopic Foreign Body Cases. Maurice Bonnier, M.D., Montreal	936
LXXII.—Mediastinal Enlargement in Acute Laryngotracheobronchitis. G. W. Grier, M.D., Pittsburgh	941
Society Proceedings	
Joint Meeting of the Chicago Laryngological and Otological Society and the Milwaukee Oto-Ophthalmic Society. Meeting of March 11, 1941—Cavernous Hemangioma of the Nose, Nasal Septum and Forehead—Early Diagnosis of Carcinoma of the Esophagus—Report of a Case of Chronic Suppurative Otitis Media, Facial Paralysis, Circumscribed Meningitis and Acute Labyrinthitis—Kodachrome Motion Picture Studies of Pathology of the Larynx	946
Chicago Laryngological and Otological Society. Meeting of Monday, April 7, 1941—Surgical Anatomy and Technic of the King Operation for Bilateral Abductor Paralysis of the Vocal Cords—Modified Kelly Operation for Bilateral Abductor Paralysis—Scarlet Fever, Bilateral Mastoiditis With Intervening Pneumonia, Cerebellar Abscess and Recovery	954
Obituary	963
Books Received	966

DECEMBER, 1941—NUMBER 4

LXXXIII.—Leonardo da Vinci's Contribution to Laryngology, Rhinology and Phonetics. Charles J. Imperatori, M.D., New York	979
LXXXIV.—Some Dental Observations by an Otolaryngologist. Gordon Berry, M.D., Worcester, Mass.	995
LXXXV.—Choice of Treatment of Cancer in Otolaryngology. T. C. Galloway, M.D., Evanston	1018
LXXXVI.—Absorption of Quinine Into the Cerebrospinal Fluid of the Fetus in Utero. H. Marshall Taylor, M.D. and Lucien Y. Dyrenforth, M.D., Jacksonville, Florida, and Cash B. Pollard, Ph.D., Gainesville, Florida 1030	
LXXXVII.—Continuation Education: A Responsibility of Otolaryngology. Frederick T. Hill, M.D., Waterville, Maine	1038
LXXXVIII.—The Functional Pattern of the Autonomic Nervous System. David Higbee, M.D., San Diego	1047
LXXXIX.—Exophthalmos. A. D. Ruedemann, M.D., Cleveland	1064
LXXX.—The Use of Preserved Human Cartilage in Reconstructive Facial Surgery. Samuel Iglauer, M.D., Cincinnati	1072
LXXXI.—The Relation of Geriatrics to Otolaryngology. James A. Babbitt, M.D., Philadelphia	1079
LXXXII.—The Organization of the Joseph C. Beck Head and Neck Tumor Group. Joseph C. Beck, M.D., Chicago	1091
LXXXIII.—The American Board of Otolaryngology. William P. Wherry, M.D., Omaha	1106
LXXXIV.—Pneumatization of the Petrous Pyramid. J. R. Lindsay, M.D., Chicago	1109
LXXXV.—The Role of Nutrition in Industrial Hygiene. Agnes Fay Morgan, Ph.D., Berkeley, Calif.	1114

	PAGE
LXXXVI.—Infections of the Masticator Space. Colby Hall, M.D., and Francis Morris, M.D., Los Angeles	1123
LXXXVII.—Otolaryngology From the Immunologic Viewpoint. Frank J. Novak, Jr., M.D., Chicago	1134
LXXXVIII.—Further Modifications of the Nasal Contact Test for Allergy. Warren T. Vaughan, M.D., and Vincent J. Derbes, M.D., Richmond, Va.	1141
LXXXIX.—Posttraumatic Syndrome of Head Injury. Howard A. Brown, M.D., San Francisco	1152
XC.—Cocaine Addiction: Does It Concern the Otolaryngologist? Walter J. Bristow, M.D., Columbia, S. C.	1161
XCI.—Prophylaxis and Treatment of the Common Cold with Special Reference to Respiratory Vaccine. C. A. Veasey, Jr., M.D., Spokane	1168
XCII.—Psychophonasthenia Syndrome. James S. Greene, M.D., New York	1177
XCIII.—Chemotherapy and Serotherapy of Acute Otitis Media. Robert Norton Ganz, M.D., Champ Lyons, M.D., and Charles F. Ferguson, M.D., Boston	1185
XCIV.—A Skin Reaction Controlled Low Dosage Method of Treatment with Staphylococcus Toxoid: Its Use in a Certain Type of Acute Recurrent Rhinitis. A Five Year Clinical Study of 394 Cases. Kyle E. Townsend, M.D., Detroit	1189
XCV.—An Experimental and Clinical Study of the Common Cold. Irwin G. Spiesman, M.D., Maywood, Ill.	1204
Clinical Notes	
XCVI.—An Unusual Case of Retropharyngeal Abscess. Samuel Iglauer, M.D., Cincinnati—Highly Malignant Carcinoma of the Nasopharynx with Bilateral Cervical Metastasis in a Child—Well After Ten Years. Frederick A. Figi, M.D., Rochester, Minn.—Massive Hemorrhage from the Carotid Artery. Lyman G. Richards, M.D., Boston—A Laryngeal Perplexity. Francis L. Lederer, M.D., Chicago	1215
The Scientific Papers of the American Broncho-Esophagological Association	
XCVII.—The Surgical Treatment of Carcinoma of the Thoracic Esophagus: Case Report with Description of New Artificial Esophagus. Julian Johnson, M.D., Philadelphia	1228
XCVIII.—Further Studies on the Treatment of Esophageal Varices by Injection of a Sclerosing Solution. Herman J. Moersch, M.D., Rochester, Minn.	1233
XCIX.—Esophageal Neuroses. Hugh G. Beatty, M.D., and Dwight M. Palmer, M.D., Columbus, Ohio	1245
C.—Carcinoma of the Esophagus with Special Reference to Treatment by Radical Surgery, X-ray and Bouginage. Edward B. Benedict, M.D., Boston	1249
CI.—So-Called Adenoma of the Bronchus. Chevalier L. Jackson, M.D., and Frank W. Konzelmann, M.D., Philadelphia	1264
CII.—Bronchogenic Carcinoma Without Bronchial Obstruction. Paul H. Holinger, M.D., and Ralph Rigby, M.D., Chicago	1270
